The Soul of Sleep, The Art of Comfort

Every product embodies a seamless harmony of nature and innovation: **high-performance foams, premium natural fibers,** and refined textures come together to form experiences that restore, ground, and inspire.

Behind each **Essience** piece lies the **craftsmanship of Green Future Group**, Romania's leading manufacturer of premium sleep products. Founded in 2004 and built around a dynamic team of designers and engineers, Green Future operates in over 27,000 square meters of production space across Bucharest, Timișoara and Urziceni. With more than 20 years of expertise and a presence in markets from EU, US and Asia, Green Future is trusted by both global retailers and the hospitality industry for uncompromising quality and exceptional design.

Every **Essience** product is created in-house under direct supervision, using state-of-the-art technology, advanced materials, and environmentally responsible production processes. From robotic lines and AI-driven systems to hand-finished details, the result is excellence—in comfort, in performance, in longevity. Whether it's **certified memory foam, 7-zone pocket spring systems, organic textiles, cotton, superior quality materials such as goose down, bamboo, wool, or natural latex,** each layer is selected for its ability to transform sleep into something restorative and deeply personal.

Beyond quality, Green Future shares our vision of sustainability and emotional value. **Over 80% of production waste is recovered,** and every step of manufacturing is guided by a commitment to the environment, continuous improvement, and human-centered innovation.

From the dawn of human thought, great minds have sought to define **the essence of life—our soul, our memories, our emotions.** What makes us feel? What connects our past to our present, and our dreams to our waking moments?

At **Essience**, we believe that true luxury is not just about material wealth, but about the profound experiences that shape us—the moments of rest that restore our spirit, the touch of fabric that evokes warmth, the deep sigh of relaxation after a long day.

Essience is not just a sleep brand—it is the essence of emotions, woven into every fiber, every detail, every dream.

Crafted with precision, innovation, and timeless elegance, each Essience mattress is more than a product; it is a sanctuary. A place where body and mind harmonize, where the finest natural materials embrace you in a cocoon of comfort, and where the science of sleep meets the poetry of life.

We honor tradition while pushing the boundaries of innovation, combining **premium natural fibers, high-performance foams, and sophisticated textures** to create a sleep experience that transcends expectations. Every mattress, pillow, and bedding piece is a testament to our dedication—a commitment to providing not just rest, but rejuvenation.

We are committed to achieving and exceeding quality standards **by emphasizing** rigorous control processes and continuous improvement. From material selection and production processes to final delivery to customers, each stage is carefully managed and verified to ensure that our products meet the most stringent quality standards.

We offer a **wide range of customization options**, including fabric selections, colors, patterns, finishes, and sizes, to meet the tastes and requirements of each customer. Every detail is important to us, and our customization options allow you to create a unique and authentic space that reflects your personality and style.

In every thread, in every layer, in every detail, a part of our soul lives. And with every night's sleep, a new story begins—**your story.**

Feeling

Essience
Feeling collection

Feeling

Essience
Feeling collection

Crafted with care. Designed for emotion.

The Essience Feeling collection is more than just a range of sleep products—it is an immersive experience, where every detail is designed to evoke comfort, elegance, and emotional connection. Built around the concept of feeling, this collection celebrates artisanal craftsmanship, refined materials, and luxurious sleep.

At its heart lies the Feeling Celeste mattress, a masterpiece of layered innovation. Meticulously crafted using high-performance memory foams, intelligent latex materials, and breathable bamboo fibers, this mattress offers multi-zone support that adapts to your body with anatomical precision. It is hypoallergenic, orthopedic, and ergonomic—ensuring restful sleep while embracing you in a cocoon of softness and stability.

Each layer is carefully selected to bring balance between breathability, support, and tactile luxury. The silk-touch jacquard cover adds a final note of refinement, elevating the sensory experience with every touch.

Complementing the mattress is the Feeling Celeste bed, featuring an elegant upholstered frame with a practical horizontal lift-up slatted base. This bed not only delivers timeless aesthetics but also integrates hidden storage—bringing functionality into harmony with beauty. The Salzburg bed, also part of the Feeling collection, will be renamed in the catalog to align with the refined naming structure of the series.

The Feeling pillows are designed to cradle your dreams. Available in several styles—with and without side gussetts—and filled with various blends of goose feather and down, they offer a customizable sleeping experience. The textures, loft, and resilience have been carefully balanced to ensure support and plush comfort alike.

Completing the ensemble, the Feeling duvets deliver the same refined sophistication. With diverse filling options of down and feather combinations, they provide seasonal adaptability while maintaining consistent warmth, breathability, and indulgent softness. While the outer appearance may remain elegantly minimal, the true luxury lies in the unseen—premium fill materials and the craftsmanship behind every stitch.

Essience Feeling—for those who believe that luxury is not only how it looks, but how it makes you feel.

The Essience Feeling Celeste bed blends elegance with everyday function. Upholstered in plush velour fabric and built on a durable solid wood and plywood frame, it features a lift-up slatted base for convenient storage access and a fully removable bed cover. With its soft contours and thoughtful construction, the Celeste bed transforms the bedroom into a space of calm, beauty, and emotional comfort.

Essience Feeling Celeste mattress

The Essience Feeling Celeste mattress is the heart of restorative sleep, uniting handmade precision with layered innovation. Crafted with bamboo fibers, silk-touch jacquard fabric, and high-performance memory and latex-like foams, it offers orthopedic, ergonomic, and breathable support. Its 7-zone pocket spring system and premium foam layers adapt intuitively to the body, delivering elevated comfort and balance. This 30 cm mattress is a refined blend of natural softness and intelligent resilience—designed to cradle, support, and rejuvenate.

Indulge your head in downy softness with the **100% down pillow**. Crafted with the finest high thread count cotton-sateen downproof, it cradles the head and neck in a soft cloud of selected European premium goose down. Double stitches sewing and a satin cord around the edges add to the luxurious look and feel of this all down pillow.

Also available in different down and feathers blends and sizes upon request.

Choose how you sleep with **3-in-1 goose down and feathers pillow**. It features the curving response of memory foam with the soft comfort of goose down and feathers for an excellent sleeping experience. Outer chambers of the pillow are filled with a blend of goose and feathers, while inner core is made of layer of visco foam and goose and feathers pillow. The premium high quality downproof cotton fabric cover is furnished with a zipper for easy cleaning and adjusting to a higher or lower loft. Unzip, add or remove inner pieces and built the perfect comfort for you.

Available in different goose down and feathers filling blends upon request.

Treat yourself with a better night's sleep with the **Dual Comfort goose down and feathers pillow**. It features three chambers with duple role: internal chamber filled with a firm blend of mainly goose feathers for great cervical support which is surrounded by soft down for a delicate skin treat. Covers are made of premium high quality downproof cotton fabric.

Bamboo
Essence
Bamboo collection

Bamboo

Essence Bamboo collection

Pure serenity, crafted by nature.

The Essence Bamboo collection is a delicate fusion of mindful innovation and nature's quiet wisdom. Designed for those who seek purity, breathability, and comfort without compromise, this collection speaks to the soul of modern well-being—natural, clean, and beautifully designed.

At the center of the collection is the Serene mattress, a masterpiece of layered comfort. Made with natural bamboo fibers, it's naturally hypoallergenic, moisture-wicking, and kind to even the most sensitive skin. The infusion of latex and memory foam delivers a dual experience—supportive yet supple, firm yet contouring, adapting effortlessly to the unique curves of the body.

The Serene bed, dressed in a soothing fabric finish, embodies minimalism and function. With the option of discreet storage and timeless contours, it pairs seamlessly with the mattress for a unified experience in bedroom tranquility.

Also part of the collection, the Bamboo Evolution mattress offers an elevated experience — pocket spring engineered for deeper support and serene softness, ideal for master bedrooms or flagship presentations. Both mattresses reflect a shared vision: sleep that is sustainable, breathable, and deeply restorative.

The collection is completed with a curated selection of premium bamboo accessories:

Bamboo pillows: From classic comfort with gusset detail to side-sleeper and cervical models, each pillow balances natural breathability with specialized support.

Bamboo duvet: Ultra-light and thermoregulating, the duvet wraps you in airy softness for perfect seasonal sleep.

Bamboo protector: When available, it seals the sleep experience in clean, quiet protection.

Crafted with care, finished by hand, and driven by a sustainable spirit, the Bamboo Collection is more than a sleep solution—it's a return to nature's clarity and balance.

Essence Bamboo — breathe deeper, sleep cleaner, live lighter.

Essence
Wool collection

Nature's warmth. Artisan elegance.

The Essence Wool collection embodies timeless comfort, sustainable materials, and serene sleep. It's a tribute to natural luxury—where every product is infused with authenticity, warmth, and refined craftsmanship.

At the core of this collection lies the Harmony mattress, crafted with care from Merino wool fibers—one of nature's most luxurious and breathable materials. Wool is not only naturally hypoallergenic and temperature-regulating, but it also evokes a sense of calm and connection to the earth. Whether it's a crisp winter night or a warm summer evening, this mattress offers intelligent climate control, adapting to your body's needs, night after night.

The Harmony mattress is layered with premium memory foam, combining the pressure-relieving qualities of modern materials with the soothing embrace of nature. Its supportive structure is designed for long-lasting comfort and orthopedic alignment, while the Merino wool cover offers a gentle, tactile experience—soft to the skin, kind to the senses.

The Harmony bed, a perfect companion to the mattress, is crafted to complement the aesthetic and functional ideals of the collection. With its upholstered finish and timeless silhouette, it brings natural elegance into any bedroom. Available with integrated storage, it reflects the Wool collection's commitment to both practical design and harmonious living.

Each piece in the Wool collection is the result of handmade craftsmanship, a celebration of artistry, patience, and care. From the delicate stitching to the ethical sourcing of wool, this collection is built around respect—respect for materials, for people, and for the sleep experience itself.

Essence Wool products are deeply grounding—inviting you to return to the essentials, to natural textures, and to the quiet luxury of rest. Designed for those who value well-being, sustainability, and thoughtful details, the Wool collection brings you closer to comfort in its most authentic form.

Life collection

At the heart of this collection lies the Life mattress, an intelligent blend of nanofiber filling, silver-threaded textiles, and adaptive memory foam layers. With its hypoallergenic and breathable structure, the mattress ensures a sleep environment that is cool, clean, and undisturbed. Every element is crafted to promote airflow, regulate temperature, and provide responsive comfort with lasting durability.

The collection extends into a complete range of pillows and duvets, filled with soft nanofiber—a high-tech synthetic material designed to mimic the luxurious loft of goose down while offering improved washability and allergen resistance. Wrapped in 100% cotton downproof fabric, these sleep accessories provide gentle support, a clean feel, and timeless comfort.

Whether it's the structured support of the 3-in-1 pillow, the softness of the Life duvet, or the ergonomic care of the Honeycomb pillow, every product in the Life collection is thoughtfully developed to offer day-to-day wellness through superior material science and tactile ease.

Each design balances performance and comfort, creating a sanctuary that aligns with modern values: simplicity, cleanliness, and intentional living.

Essience Life — a new breath of purity, engineered for the present moment, crafted for your every day.

Crafted for clarity. Designed for modern living.

The Essience Life collection brings together smart simplicity, hygienic innovation, and everyday elegance. It is designed for those who seek a clean and contemporary sleep experience—where comfort meets practicality, and wellness blends seamlessly with style.
